A. L. HUBER CONSTRUCTION, INC.  
10770 El Monte  
Overland Park, KS 66211

Dear Auggie:

With the attention to fine detail that your company gave, we continue to receive compliments from church and community members who are amazed at how well the new expansion project has been connected to the 85-year old historic Chapel... They express their genuine pleasure at how the integrity of the historic structure has been maintained. We are most thankful for the workers who gave their best to this project. Each one seemed to enjoy having a part in completing this structure. It was fun to be around them. Please give our thanks to all who took part.

Your team has been super to work with... I have deeply appreciated the respectful manner in which Keith, Lonnie and Butch kept me informed. Minor details needing attention are being seen to by your company. You really do follow through on your commitment to have it done right... I trust that you have a real sense of pride in having a major role in keeping this area you have so enjoyed, a landmark of grace and beauty... We know that with the quality work you have done, this Chapel will last for at least another 85 years...

Your sensitivity to the financial crunch we experienced, and consequent cutback on what we could complete, has also been appreciated. Know that when asked who did the construction, I share with pleasure your name. Many nods of approval are then given... your company is one who is well respected in the Kansas City Area....

Blessings,

Jan Keeler, Minister
